BEFORE YOU START

Read this first

These templates are general information, not legal advice. German rules and deadlines change and depend on your situation, your contract and your state.

For important matters, check with a Mieterverein, the Verbraucherzentrale, a counselling centre or a lawyer before you send anything.

FOUR STEPS

How to use these letters

1 **Fill in the yellow boxes**
Click a yellow box in the letter and type your details. The boxes are fillable in Adobe Reader, Chrome, Edge and Mac Preview.

2 **Delete what doesn't apply**
Remove any line that doesn't fit your situation before you send.

3 **Read the "Watch out" box**
It tells you the deadline and whether to send the letter by post, registered mail or email.

4 **Keep proof**
Keep a record of what you sent and when. Always ask the other side to confirm in writing.

> *"I hereby terminate my contract (customer no. X) on time to the earliest possible date, alternatively on [date]. Please confirm the termination and the end date in writing."*

WATCH OUT

- Always ask for a written confirmation (Kündigungsbestätigung) and keep it.
- Send by a method you can prove (Einschreiben, or the company's cancellation button/form, and save the confirmation screenshot). For many online contracts since March 2022, companies must offer a cancellation button, and after the minimum term most contracts can be cancelled monthly. Check your own contract.
- Note the date of sending; deadlines are usually counted by when the company receives it.

PHRASE BANK · #01 KÜNDIGUNG

The words that carry the letter

Four phrases do most of the work in a German cancellation. Learn these and you can read and adapt the template with confidence.

fristgerecht
on time / within the notice period

zum nächstmöglichen Zeitpunkt
as soon as possible (at the earliest allowed date)

hilfsweise
alternatively / as a fallback

bestätigen Sie mir
confirm to me (in writing)

Tip
If you don't know your exact notice period, "fristgerecht zum nächstmöglichen Zeitpunkt" tells the company to cancel at the earliest date your contract allows — you don't have to work out the date yourself.

COMPLAINTS & AUTHORITIES

#02

Terminanfrage bei einer Behörde

Ask for an appointment (Bürgeramt, Ausländerbehörde, etc.).

WHEN TO USE

Booking an appointment with an authority by email.

DEUTSCH

ich möchte einen Termin für folgendes Anliegen vereinbaren: _____.

Meine Daten:

Name: _____
Geburtsdatum: _____
Anschrift: _____
Aktenzeichen / Referenznummer (falls vorhanden): _____
Aktueller Aufenthaltstitel gültig bis: _____
Telefon: _____

Gibt es freie Termine in den nächsten _____ Wochen? Ich bin zeitlich flexibel _____.

Mit freundlichen Grüßen

_____

> *"I'd like to book an appointment for [matter]. My details: [...]. Are there free appointments in the next 2–3 weeks? Please send a short list of documents I need."*

WATCH OUT

- Many offices only accept appointments through an online portal or a specific email address. Check the office's website first.
- If your residence permit expires soon, say so in the subject line and keep proof you applied on time (this can protect your status in some cases; ask the office or a counsellor).
- Bring originals plus copies of your documents.

PHRASE BANK · #02 TERMINANFRAGE

The words that carry the letter

Dealing with a German authority gets much easier once these four phrases are second nature.

einen Termin vereinbaren
to make / arrange an appointment

das Anliegen
the matter / request you are writing about

der Aufenthaltstitel
residence permit

Unterlagen
documents / paperwork

Tip
Put your Aktenzeichen (reference number) in the subject line whenever you have one. It lets the office find your file instantly and usually gets a faster reply.
